

Donation Policy

Solutions Center accepts donated goods that will benefit our shelters and the clients we serve. These items are intended for the use of our clients while in shelter and to help them stock their new household when they leave.

Donated items should be in clean, working condition, have all their necessary parts and be free of stains and rips. We are not able to accept items that have been recalled, banned or that do not meet current safety standards.

Below is a list of common donations and our policy on each. We have wonderful partnerships with St. Vincent de Paul and Habitat for Humanity. Each of these agencies helps our clients with needed items when we are unable to do so. If we are not able to take your item(s), we hope you consider blessing them with your donation.

Appliances - We accept small appliances such as microwaves, coffee pots, blenders, and toasters.

Baby Furniture - We accept portable items such as Pack & Plays, toddler beds and strollers. *Because of constantly changing safety standards, we cannot accept cribs or car seats.*
